

FOX GAME Litepaper

Introduction:-

FoxGame is the world's first AI-powered play-to-earn meme coin game built on the Solana blockchain. It combines gaming, decentralized finance, and AI-driven mechanics to create an engaging experience for users.

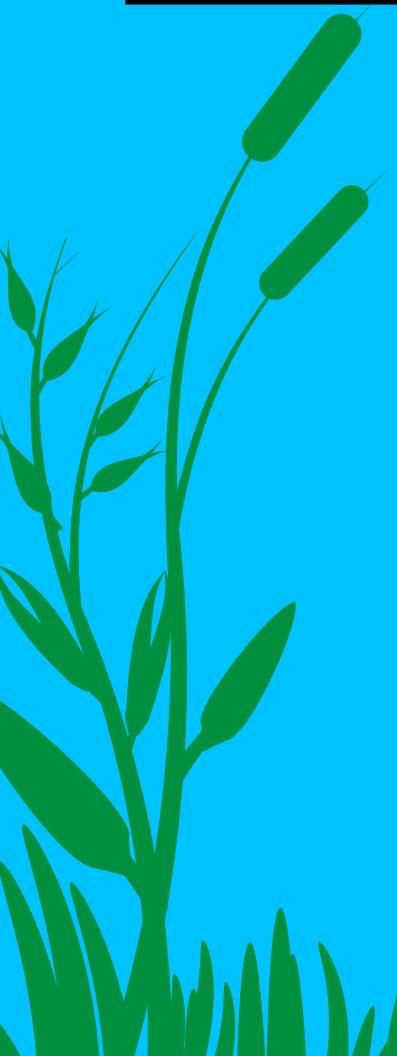

Vision & Mission:-

- To revolutionize Web3 gaming by integrating AI and meme culture.
- To create a sustainable play-to-earn economy powered by \$FOXG.
- To onboard millions of gamers into the crypto ecosystem with a fun, meme-driven experience.

Tokenomics:-

- Token Name: FoxGame (\$FOXG)
- Blockchain: Solana
- Total Supply: 1 Billion \$FOXG
- Distribution:
 - 40% Play-to-Earn Rewards
 - 20% Liquidity & Exchange Listings
 - 15% Community & Airdrops
 - 10% Staking & Yield Farming
 - 10% Development & Marketing
 - 5% Team Allocation (Locked for 12 months)

Gameplay & Mechanics:-

- Play-to-Earn Model: Players earn \$FOXG tokens through various in-game challenges and activities.
- NFT Integration: Unique fox NFTs provide special abilities and boosts.
- AI-Powered Gaming: AI-generated challenges and adaptive gameplay mechanics enhance the gaming experience.
- Staking & Yield Farming: Users can stake their tokens for additional rewards and passive income.

Roadmap:-
